

Acronis Backup 12.5

License Comparison

Acronis Backup 12.5 is the world's easiest and fastest backup solution, protecting data on 21 platforms, whether data is located on-premises, in remote systems, in private and public clouds, and on mobile devices. With 15-second RTOs and backups that are two times faster than the closest competitor, it is the most advanced and complete backup solution available today. Use this document to select the specific licenses that fit your unique business requirements and IT infrastructure.
